Mobile: +41 79 432 23 32

#### **C++ Standardization Committee Meeting**

**June 04<sup>TH</sup>-09<sup>TH</sup> 2018**

The meeting will be held at the  
University of Applied Sciences, HSR Rapperswil, Switzerland

HSR Rapperswil and IFS Institute for Software invite you to the C++ Standards Committee Meeting at the picturesque shore of Lake Zurich.

HSR is a university of applied sciences with about 1500 students. The campus will provide the meeting facilities. Please check the information panels at building entrances for the location of the meeting rooms. For those returning: we will have most meeting rooms in our new building 8 (see picture above).

#### **Getting There Airport**

The closest airport is Zurich Airport (ZRH). For information about flights and possible connections check out

<http://www.zurich-airport.com/>

Zurich is well connected with the rest of the world. Swiss International Airlines probably is the most convenient carrier for Zurich.

#### **By Train**

Swiss public transportation is excellent. We recommend to use a train from the airport. There are frequent connections that take you to Rapperswil within an hour. It is easiest to get a train to Zurich main station (Zürich HB) and then take line S7, S5 or S15 to **Rapperswil/SG**. You should NOT choose Rapperswil/BE when buying a ticket. The fare is CHF 17.20 one way, or up to CHF 34.40 for a day pass (as of June 2017).

#### **By Boat**

There is a regular schedule of cruise boats from Zurich, Bürkliplatz to Rapperswil that you can also use with your train ticket plus a small extra fee. See <http://www.zsg.ch>

#### **By Car/ Parking**

The nearest public parking for HSR Rapperswil is within a few minutes walking distance (see Rapperswil's parking guide system, P1 and P2 are closest across the station).

## Caution

It is important that you **make your hotel reservation early**, because we had a hard time to block enough hotel rooms in the vicinity. The weekend before the meeting is the Ironman70.5 in Rapperswil. If you only can plan on short notice there is always the option to try to get a hotel room in Zurich and take the 30 minute train ride to Rapperswil.

## Hotels

We have made block reservations in several nearby hotels (some within walking distance) as given on the attached list.

Please make your reservations by phone, email or fax directly with one of these hotels. Should they all be booked please contact us, since there are further opportunities to stay in the vicinity.

**Important!** Please mention the meeting name "**HSR C++ Standards Committee Meeting**" when making your reservation.

Some of the hotels could only provide us with rooms from Sunday or Monday due to the Ironman taking place the weekend before our meeting

## Local information

The local tourist information located at the harbor of Rapperswil will be able to give your information on further attractions. Besides the medieval town centre of Rapperswil with the town museum and castle and the lake (swimming), there is a children's zoo in the direct vicinity of HSR.

Please have also a look at following links:

<http://www.vvrj.ch/>

<http://www.zuerich.com/en>

We will provide further up-to-date information for you at

<http://wiki.ifs.hsr.ch/WG21Meeting/>

## Social Events

We plan to have one or two social events during the week again. However, we are still looking for sponsors, so do not have any concrete event evenings fixed. Chances are high that it will be Tuesday and Thursday. If you or your company can provide sponsoring please contact Peter Sommerlad.

Please stay tuned for updated information closer to the meeting.
